

## Healthy Greetings Competition

Cornwall People First are holding an art competition to promote **Healthy Living in Cornwall**.

This exciting competition is open to all adults in Cornwall who have a learning disability. The competition is being funded by Cornwall and Isles of Scilly Primary Care Trust.

We would like you to produce a painting, drawing, collage or photograph that represents Healthy Living. You can be as experimental as you like, so have lots of fun!

Eight winning entries will be picked by our board of trustees. These will be professionally printed and included in a pack of eight greetings cards. They will be sold to raise money for the Cornwall People First Summer Ball!
